The Drone Flight path will be flying above the course at the FAA allowed height but not directly above any people or participants. When not flying overhead doing tracking shots or wide shots of the course, it will be running parallel to the course in a cleared area with no bystanders. The main purpose of the Drone is to get wide establishing shots of the event as well as some tracking shots and in general, just Aerial B-Roll Photography. The Green Line is the path of the Mud Run.
